

Ohio NextGen360 Verification Platform (ONVP)

Ohio Department of Job & Family Services (ODJFS) has transitioned to ONVP to **streamline benefit eligibility determination** and connect Ohioans to the resources they need.

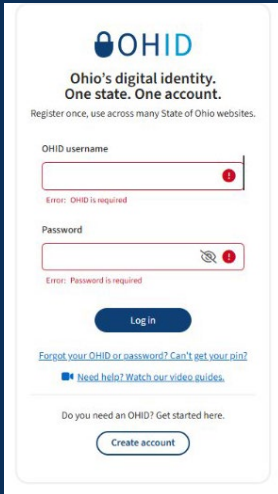

ONVP is a **secure, online system** that **helps verify your income and employment** by allowing you to connect your current employer, payroll provider, gig account, benefit account, or upload documents directly to help verify your eligibility for benefits through Truv.

Benefits of Using ONVP

- ✓ ONVP helps **verify your income and employment quickly** using your employer, payroll, gig, or financial information—or by uploading pay documents.
- ✓ This may help ODJFS **process your application faster** and reduce requests for more paperwork.
- ✓ **ONVP uses strong encryption** to help keep your information secure.

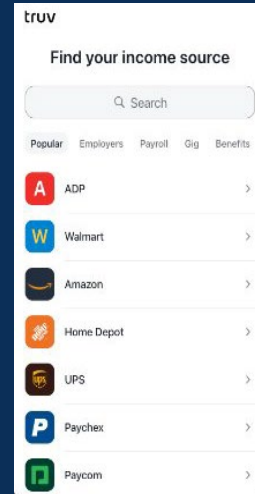

Using ONVP Requires Just Four Easy Steps!

1 Log in with
your OHID

The OHID login screen features the OHID logo and the text "Ohio's digital identity. One state. One account." Below this, it says "Register once, use across many State of Ohio websites." There are two input fields: "OHID username" and "Password". Both fields have red error messages: "Error: OHID is required" for the username and "Error: Password is required" for the password. A blue "Login" button is at the bottom. Below the button, there are links for "Forgot your OHID or password? Can't get your pin?" and "Need help? Watch our video guides." At the very bottom, there is a "Create account" button.

2 Find employer
or payroll
provider

The truv "Find your income source" screen has a search bar at the top. Below the search bar, there are tabs for "Popular", "Employers", "Payroll", "Gig", and "Benefits". A list of popular providers is shown, each with a logo and a right arrow: ADP, Walmart, Amazon, Home Depot, UPS, Paychex, and Paycom.

3 Login with
everyday work
credentials

The Walmart One login screen has a "Sign in to Walmart One" title. It features two input fields: "User ID" with the text "goodlogin" and "Password" with masked characters. There are links for "Forgot password?" and "Need help?". At the bottom, there is a blue "Sign in" button and a link to "Truv's Terms of Use".

4 That's it!

The truv "Success!" screen shows a green checkmark icon and the text "Success! Your Walmart One account is connected." At the bottom, there is a blue "Done" button.

ONVP FAQs

I can't find my employer on your provider list.

ONVP supports document uploads right in the platform – no extra mailing or faxing needed!

How do I find who my payroll provider is?

A payroll provider is typically where you log in to view your paystubs online (use your work email to log in).

I don't remember my payroll credentials.

You may need to reset your login - which you can do easily through ONVP.

Will my information entered in ONVP be safe?

Yes. ONVP is a secure, online platform that helps safeguard personal information and supports privacy protections more effectively than paper or faxed documents.
