

# FY2022 IMPACT REPORT

January 1, 2022 - December 31, 2022

## MESSAGE FROM OUR PRESIDENT, BOARD OF DIRECTORS

All of us at Second Harvest Food Bank are grateful for the groundswell of community supporters like you who have rallied during these economically challenging years to help our neighbors who are suffering from food insecurity. As a result of your commitment, Second Harvest Food Bank accomplished a feat we once would have deemed impossible: We met the markedly increased need across our communities.

Today, we face new challenges. The end of additional government pandemic benefits, and inflation with rising food costs continue to reduce the budgets of families and seniors struggling to put food on their table while paying their bills. When food becomes unaffordable, more people are pushed into poverty.

Moreover, inflation and supply chain issues affect the Food Bank's buying power and ability to stock our shelves with the food our neighbors need.

The Food Bank is working on numerous fronts to minimize the impact of these challenges including advocating for our neighbors at the state level and developing new relationships to procure nutritious food. We carefully have assessed our long-term needs and developed a strategic plan to build an even stronger food bank to support our neighbors.

Together, we have much more work to do.

We look forward to facing the challenges of the coming year together as we strive to realize our vision of a thriving, equitable, and food-secure community.

With gratitude,

*Maureen Sheehan Massaro*

meals distributed thru  
Senior Home Delivery Program

**SUPPORTING  
OUR MOST  
VULNERABLE  
NEIGHBORS.**

\*July 2021 - August 2022

# THANK YOU

---

## Agencies

Thank you to our 60 partner agencies who give their all every day to provide the much-needed food and other essential resources to our neighbors who need them the most.

## Community Partners

Thank you to our county, community, and civic organization partners that refer neighbors in need and work to ensure that everyone in our community has enough to eat.

## Donors

Our Second Harvest Food Bank donors continue to amaze us! As more of our neighbors face the new challenges massive inflation has created, our donors have committed to supporting our efforts in hunger relief.

## Retail & Manufacturing Partners

In FY2022, nearly \$9 million worth of food was supplied by our dedicated retail and manufacturing partners. Their generosity helps ensure we can continue to support the nutritional needs of our neighbors.

## Volunteers

Our dedicated volunteers came back in full force last year after limited hours for much of 2021. A staggering 780 volunteers worked more than 7,800 hours helping to feed our neighbors. **That's a 153% increase! over 2021!** We couldn't do this work without you!

**"Contributing to Second Harvest to address hunger and food insecurity sends a ripple effect of good into our community that extends far beyond many families who directly benefit from their service."**

- Leigh Anne, SHFB Volunteer

**NEIGHBORS  
HELPING  
NEIGHBORS.**

# FINANCIAL REPORT FY22

**In fiscal year 2022, Second Harvest Food Bank had a total public support and revenue of \$11,882,338, and operating expenses of \$12,770,417.**

This slight shortage of revenue to expenses can be contributed in part to the reduction of COVID-era funding, with an increased need in our services due to aggressive inflation. Despite these challenges, 78% of all the support we receive, including financial donations, other revenue, and donated food, goes directly to helping feed neighbors in Champaign, Clark, and Logan Counties who are facing hunger. For the full financial report, visit [theSHFB.org](http://theSHFB.org).

## Revenue

- 75% Donated Food Value (\$8,937,106) & Misc (\$28,657)
- 21% Total Private Contributions (\$2,452,324)
- 4% Government Grants (\$464,251)

## Expenses

- 78% Food Distribution & Programs (\$10,006,759)
- 22% Administrative & Fundraising (\$2,763,658)

## Our Mission

To alleviate hunger in Champaign Clark, and Logan Counties by sourcing and distributing nutritious food to people in need, building partnerships, and mobilizing the public to support hunger relief.

## Our Vision

We envision a thriving, equitable, food-secure community.
